AMENDMENT: (If you wish to propose an amendment, include your amendment using Ramseyer format.

i.e., strikethrough deletions and underline words to be added or inserted.

EXAMPLE:

This section is being stricken. This section is being inserted. This section is not being changed.

Proposed amendment in red:

Resolved, That the O‘ahu County Democrats of the Democratic Party of Hawai‘i urges the City and County of Honolulu and Hawai‘i State Legislators for the island of O‘ahu who are members of the Democratic Party to expand the installation and use of non-GHG emitting sources of electricity, including but not limited to, solar panels, wind turbines, hydroelectric, and ocean wave generators, combined with battery storage technology, as the alternative to all forms of incineration-based power plants; and require the use of carbon capture technology to all current and new GHG producing power plants; and provided that environmental assessments do not find any significant impact on the physical, economic, cultural and social conditions that exist within the area affected by a proposed action.
